Dear The Lounge,

I've never been that keen on private health but, when I got the chance to join a scheme through work, I thought I might as well sign up. I'm glad I did because, when I developed a few problems after breaking my right leg, I had the choice of going into a private hospital to have it all sorted out. Good job too, those private hospitals are just like hotels – TV, en-suite bathroom, the works – and if it weren't for the operation on my leg, I would have enjoyed it 100%. As it was, the personal service turned out to be top notch. In fact, that's why I'm writing to you, to tell you what happened after my op.

I'm told the surgery on my leg went well but, afterwards, I was in my room, feeling very fuzzy, and I thought I was imagining things when this luscious blonde nurse hovered over me. Later, she told me that I apparently tried to grab her though I had no recollection of this. You couldn't blame me, she was gorgeous and just bursting out of her uniform. I could even make out she was wearing suspenders underneath.

The first thing I actually recall is waking up with a throat as dry as a desert. I leaned over to get a glass of water but I was still too groggy from the anaesthetic, so I pressed the buzzer. I hadn't been dreaming after all because in walked a stunning blonde nurse who asked me what I wanted. I must have grinned from ear to ear because she laughed and said: "I don't think you're up to it yet,

mister!"

"Give me ten minutes," I told her. "But in the meantime, can I have some water?" I wasn't really up to joking around but I couldn't resist it. She smiled and handed me the glass, and decided it was time to check my post-operation blood pressure.

"Seems to be a bit high, but nothing to worry about. Take it easy," she said and she left the room. All that evening, I found several excuses to call her, she told me she wasn't that busy and she didn't seem to mind.

It was after dinner that I decided I needed to freshen up. I rang the buzzer and in she came. I told her I wanted a bit of a wash and that I couldn't quite manage it, and she smiled to herself. She said she could help me to the bathroom but added,

"Why risk it? Would you like a bed bath?"

Well, what do you think? Anna, as I'd discovered her name was, slid the 'engaged' notice on my room's door, switched on the light, closed the curtains and got a flannel from the bathroom.

She ran it under the hot water tap and wrung it out. Undoing my pyjama top, she said I looked a bit sweaty and I could do with a thorough wash, so I lay back and left her to it. By now, my cock was getting stiff and I knew she could see it. I would have felt embarrassed but there was something in the way she had set about washing me that made me think it was the desired effect, certainly as far as she was concerned. She washed down my chest and under each armpit and went into the bathroom and I heard her rinse the flannel again.

When she came out, the top of her uniform was undone, showing plenty of cleavage. "Are you comfortable?" she asked.

"Ah, yeah," I said, sheepishly.

"I think your pillows could do with a bit of fluffing," she quipped, and before I knew it, she'd lifted my head into her open cleavage and was messing about with the pillows behind me. If that wasn't an invitation, I don't know what is, so I grabbed hold of her full tits and started licking and squeezing them. I don't know what I was expecting, but it certainly wasn't what I got!

"Not now, there will be plenty of time for that!" she said, sternly. I was totally confused by now.

"Mmm," she said when she finally

acknowledged my cock's presence. "I think I'll need quite a bit more soap for that."

I wanted to fuck this hot nurse right there and then! She brought the soap over to the bed and pulled down my pyjama bottoms, freeing my raging boner. My sweet nurse started

lathering up my balls but ignored my cock. I was still a bit confused, but I grabbed my erection and started to wank.

Nurse Anna slapped my hand away and told me not to interfere with the treatment. So I just gave in but straight away she grabbed my shaft with her right hand while still soaping up my bollocks.

I really have to say, nurses do it so much better, and it wasn't long before her firm hand, sliding up and down my dick, gliding over the end of my knob and playing with my soapy balls, had me spurting my load all over my belly. Just as well she was there to clear it up.

Before I really had a chance to get over it and think of what to say, she'd cleaned up and left the room, saying she would see me tomorrow for her next shift.

The nightshift!

The next day, naturally, I couldn't get her out of my mind.

One of the other nurses told me the night-shift started at ten, and I couldn't wait. At five past ten, I rang my buzzer. Anna seemed much shyer this time but we had a nice chat. It turned out she had seen me checking in and fancied the look of me, so she'd planned some of what had already happened in advance. She insisted she didn't normally do that kind of thing but I'd obviously been interested and she had got a bit carried away. I told Anna I didn't mind, that I'd really enjoyed it, and then I caught that little glint in her eye, the one I'd seen the previous day. She left the room for a minute – just checking to see what the other nurses were doing, but they were too busy at the start of their shift and wouldn't notice.

She put the 'engaged' sign on the door and unbuttoned her uniform.

One look at her overflowing bra and my cock was standing to attention again. "Are you going to let me suck those this time?" I asked.

Looking straight at me, she popped her tits out and offered them up to me for some sucking.

"Time for your medicine," she said in a matronly voice and moaned very quietly as I sucked hard on her nipples and wobbled her magnificent globes.

"Wait," she said after a few minutes of titty fun, and she took off her knickers, stuffing them into her pocket but, leaving her shoes on. She pulled the bedclothes back and took my cock out of my pyjamas. "If anyone comes in, sort yourself out and I'll pretend to be taking your temperature. Say you're feeling bit hot if they actually ask." Well, I wouldn't have been lying! She clambered up onto the bed and lowered herself onto my knob. She was soaking wet; she'd obviously been thinking about it as much as I had. She had me so turned on that I came within minutes and, as my spunk filled her cunt, she came too, desperately trying to stifle her orgasmic cries.

I was discharged from hospital a couple of days later, but not to worry – we're going out together now and, lucky me, we still play nurse from time to time!

Rob, London.

What's better than Tina Kay? Two Tina Kays, that's what!!! She's got a pussy that must have been made from some kind of God-like power, so why wouldn't you want to get your hands, and other things, on two of them? And that brings us to the inventor of the mirror, who's made our dreams of two Tina's come true. Sadly, the reflection isn't a real thing and Tina's all happy and in a relationship, so you'll just have to make these pages moist with a bit of good old fashioned wrist action!

Talkin' Blue

Got an experience to share? Then send it in to Talkin' Blue at the talkinblue@paulraymond.xxx and you'll bag yourself £50!

I had always wanted to drive to Las Vegas. Ever since I was old enough to drive I'd been obsessed with the idea. By my 22nd birthday, I had saved enough money to go and booked the tickets that day. On the morning of the flight I was a bag of nerves, my mind awash with all the great road trip movies I'd seen. This was to be my first time in the USA and I felt like I was about to lose my virginity all over again. . . . Nine hours later we landed at San Francisco International Airport and I buzzed through

customs in a daze. My excitement had built up to such an extent that I sat grinning like an idiot throughout the entire flight. When I saw my ride though, that was it; my smile split my face from ear to ear. A bright yellow, brand new, Ford Mustang. I signed the forms, grabbed the keys, slung my suitcase in the boot and was out of there! My plan was to drive down to LA before turning in to the Mojave Desert and Vegas. In Los Angeles I stayed in a hotel on Sunset Strip, partying with the local freaks and

spotting rock stars for a couple of days, and then the time came for me to take my Mustang and cross the desert. I had been driving solidly for three hours without having seen another living soul when all of a sudden my car coughed, made a horrible screeching noise and conked out on me. I was scared. I was in the middle of nowhere, I was alone and I knew nothing about motors. Luckily the car rental firm had supplied me with an emergency contact number and I used my mobile to ring. As

luck would have it, I, was only a mile or so from the nearest registered garage and they arranged for a mechanic to come out to me. I sat and waited, fuming, getting ready to take my anger out on this mechanic. 'It's gonna be some dumb, hillbilly hick,' I thought

to myself as a pick-up truck kicked up dust pulling in behind me. And then I caught my first glimpse of Alec. He was hot. Muscular, young and dripping with an untamed sexuality. He strolled over to my car and tapped on the window as my jaw

"I needn't have worried as he had pulled down his trousers and was rubbing his helmet up and down my cunt and arse."

drooped open.

"Hi, you Shelly? Pleased to meet you, I'm Alec," he said.

"Well, I'm just gonna hook you up to the truck and tow you back to my place, it's far too hot to work on the engine out here and I'm sure you could do with a cool drink, huh?" he smiled down at me. Then he opened the door and offered me his hand. I just stared at it like I'd never seen a hand before, until he said, "I can't let you ride in the car, you'll have to come up into the truck with me."

"Oh! Oh yes! Sorry, silly me," I said, giggling like a schoolgirl.

'Think sexy, think sexy!' I told myself over and over. I waited in the cab of the pick-up while Alec hooked the car up and plotted my next move but, by the time Alec had climbed into the driver's seat, I had come up with nothing. Fortunately, I didn't need to. Alec could hardly keep his eyes off my legs as we drove. I had chosen to wear a really skimpy outfit that morning, and as we cruised along the barren road I wriggled around seductively in my seat, imagining Alec's cock growing harder and harder every time I ground my butt into the seat.

"So, you're from England?" he asked, taking the opportunity to undress me with his eyes. I knew then that he wanted me, and I knew that I would soon have him inside me.

"Yes, from London actually," I said, matter-of-factly. "This is my first time in the States, I'm on holiday. I'd always wanted to drive through the desert to Vegas and here I am, but I never imagined I'd be breaking down out here. I'd be mad if I didn't have such a cute mechanic come and rescue me."

He didn't register my obvious come-on. For a guy who'd just fucked me raw with his eyes he was pretty slow on the uptake. I got the impression that a mechanic stuck out in the middle of nowhere isn't going to be all that in the brain's department.

No matter, it was his cock I was interested in. In my experience the dumber they are, the better they are in bed.

When we got to his garage, I let him get out first and help me down, making sure he held my hips as I jumped out and landing close enough to him for my nipples to brush his

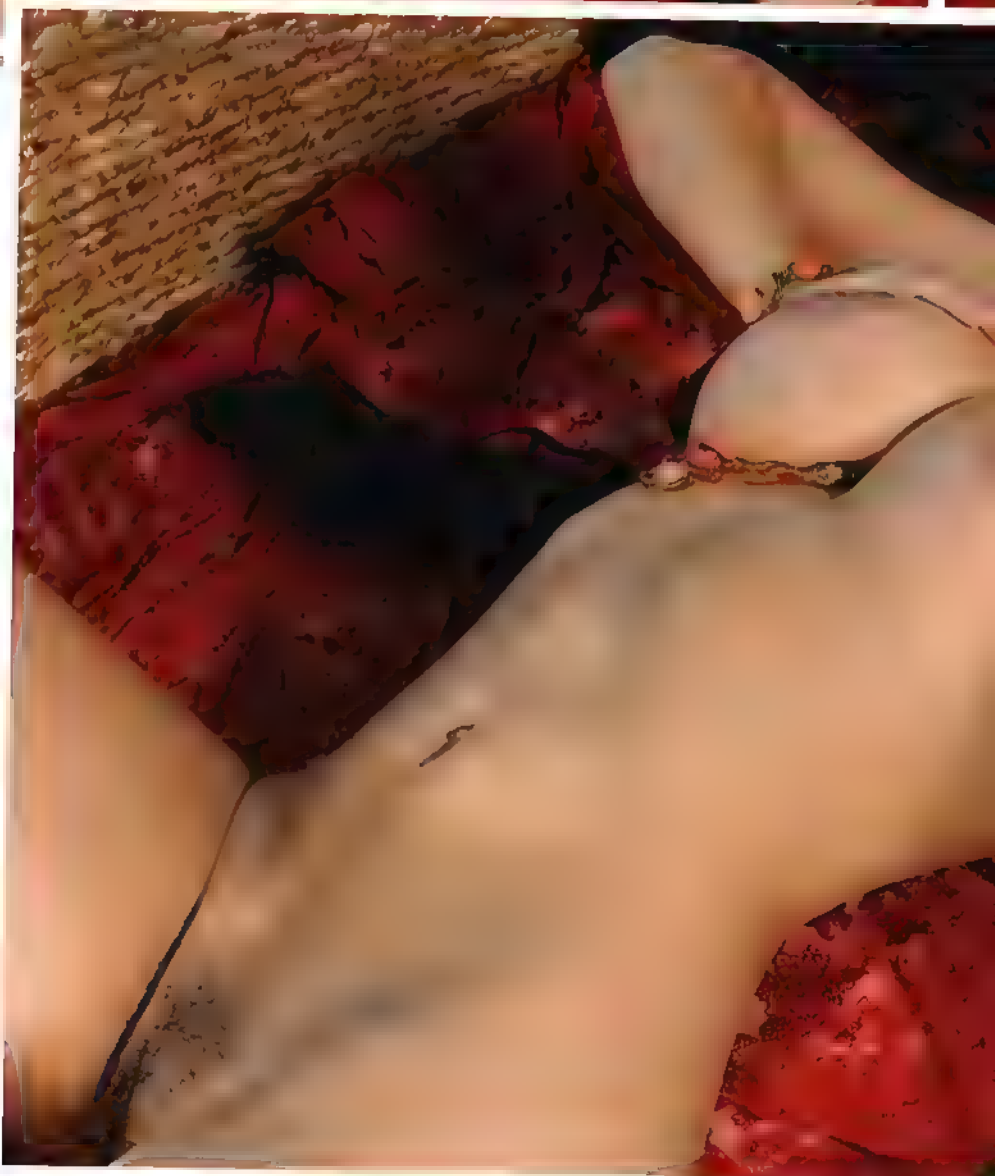

chest, but he still didn't take the hint so I took the bull by the horns and came right out with it.

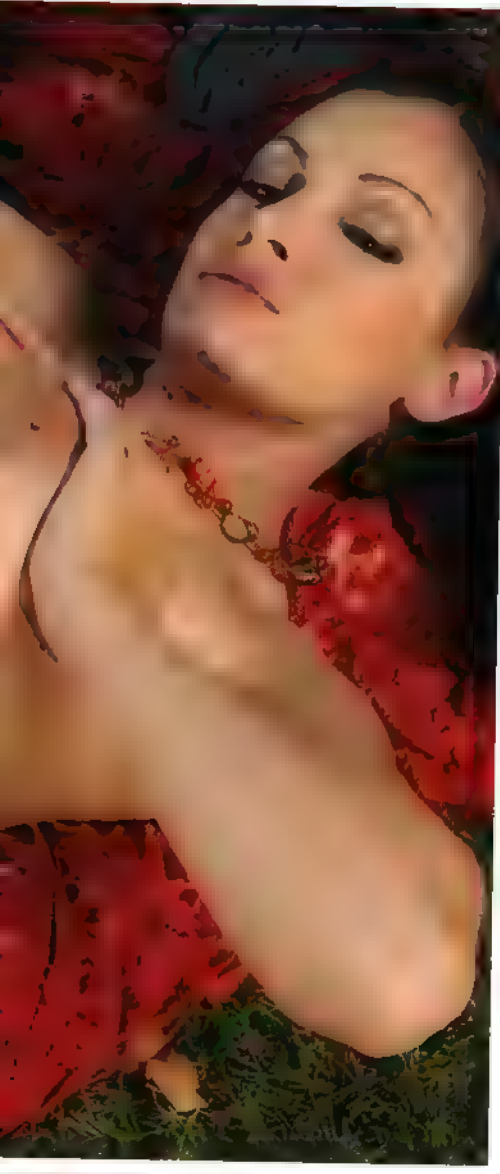

"You know Alec, the car can wait. Right now it's my engine that needs looking at," I said and slowly pulled down my top. If he wasn't quick on the uptake he certainly made up for it now, pulling me to him

No matter, it was his cock I was interested in. In my experience the dumber they are, the better they are in bed."

and thrusting his tongue into my mouth, squeezing my buttocks and grinding his dick into my crotch

"Suck my tits," I said, pulling away from his embrace, growing bolder with every second, enjoying the power I had over him. He bent and took my left breast into his hand, licking and sucking my nipple till it was as hard as a rock. "Now, why don't you kneel down and help me out of my skirt. I need an American tongue on my clitty and I need it now." He turned me round and bent me over

“I wriggled around seductively in my seat, imagining Alec’s cock growing harder and harder every time I ground my butt into the seat.”

cock deep inside my cunt he rubbed my juices around my arsehole and slowly slipped his thumb inside. I was in ecstasy, both my holes were getting fucked and it was bringing me to another orgasm. He fucked my arse with his thumb and my cunt with his cock, one going in as the other came out, and I came screaming at the top of my voice, it felt so fucking good.

“Damn girl, how’d you like to suck on my cock?” Alec said. I needed no further encouragement. Eager to make him come as well, I dropped to my knees and grabbed his dick, wanking him slowly as I gazed seductively up at him. “Mmm, you’ve got a lovely cock,” I purred. “Nice and long and hard. But it might be too big for me to put it in my mouth,” I teased him. Then I rubbed his helmet against my tongue. “Ooh, it tastes so nice.

Shall I see if it fits in my little mouth?” I asked. He could only grunt his approval and I smiled knowingly before taking his cock deep into my throat. I wanted him to come, I wanted to taste his spunk, to know that I had blown his mind like he had just blown mine, so I slowly bobbed up and down on his dick, murmuring all the time and squeezing his balls. I took his cock out of my mouth and said, “I love your cock, it felt great in my pussy and now it feels great in my mouth,” rubbing it around my lips as I spoke. Alec could no longer look at me. His head was tipped back and he was in another world. I began to wank his dick faster and faster, bobbing my mouth and tongue over his bell-end as I did so.

“Come in my mouth,” I said, urging him on. “I want to taste your come. I want to swallow every last drop of it. Come in my mouth, you big stud!”

He grabbed my head and I sucked his dick as fast as I could as he came, giving me a mouthful of spunk. I swallowed all of it eagerly, feeling so horny and slutty and ready to come again. That night I stayed in town, the car wasn’t going to be ready for another day at least and Alec had another engine that required plenty more attention than the Mustang’s.

the bonnet, yanking my skirt and panties down. I parted my legs wide as he pulled my buttocks apart and buried his face in my snatch. I let out a low moan; it felt great. All the heat of the desert had transferred itself to my knickers since I’d broken down and my pussy was hot for sex. I was wet before he’d even touched my skirt – my overt come-ons had turned me on so much – and now that he was lapping at my pussy I was positively gushing. This was turning out to be one hell of a road trip.

“Always wanted to taste British pussy,” drawled Alec, pushing a thumb up my snatch. “Tastes real nice. Wonder what British ass tastes like,” he said and then slowly dragged his tongue over my bum hole. My knees nearly buckled and I couldn’t stop myself from coming. No one had ever touched my arsehole before and it felt divine. I bucked back at him, not wanting this to end so soon. I needn’t have worried as he had pulled down his trousers and was rubbing his helmet up and down my cunt and arse. “That’s 100%, all American muscle, baby. You’re about to get fucked with eight inches of prime meat,” he boasted. I would have laughed out loud, but I didn’t want to hurt his feelings and run the risk of going without a fuck.

As he entered me I squealed with delight, and I kept on howling and squealing as Alec thrust again and again into my pussy, going for it as hard as he could. As he banged his

Charlie

olf - it's not for everyone, we'd be the first to admit.

There's lots of expensive equipment to get before you start, and lots of people find all that dickin' around in stupid trousers and sweaters more than flesh and blood can stand. On the other hand what could be nicer than knocking a little white ball into a hole on a nice sunny afternoon? So it's a bit of a tough call, really - unless you happen to have the superbly pneumatic Charlie Atwell at hand to drive your buggy around for you while you scratch around churning up divots and dropping shots left, right and centre. "Here, you're not dropping any shots on me, thank you very much!" the girl herself objects. Well, we'd love to card a birdie - we're sure it won't take us too many strokes.

It's been a while since we last saw Georgie Darby in any of our magazines, which is strange when you bare in mind she literally lives down the road from our offices! But, more importantly we'd like to have a discussion about her boobs. Not only are they worthy of making her our cover girl this month, but they might just be the best pair of knockers we've seen in at least the last decade over here at Club magazine. Let us all just take a moment to enjoy them, and then a few more moments to enjoy all of the rest of her!

Paige

PHOTOS: BB MEDIA

Wow, is there anything more inviting than what you're looking at right now? A nice moist pussy? Or maybe you would prefer Paige's tight dry arse hole? "A bit of spit on the end of your cock always goes down a treat! Why not fuck me in the pussy first and then you'll be nicely lubed up and ready to enter my arse hole. You can still spit on it too!"

Peaches

The place to be for the world's dirtiest backdoor sex stories, where every girl gets a bum deal...

We girls all have our favourite type of guy. I go for fit bodied, cropped-haired, Jason Statham look-alikes. Well this bloke I met recently called Rick fitted the description and, not surprisingly perhaps, gave me the most intense orgasm of my entire life. Really, I'll never forget it.

I'd split up with my boyfriend of two years and decided to fuck off to London to see some friends and – hopefully – lose myself in a haze of booze and bonking.

After I'd dumped my bag at my mate Sally's flat in Kilburn, we immediately decided to get down the West End and have a few drinks and a good old natter and a catch-up, which was just what I needed.

We ended up in one of those tacky Walkabout pubs, but it was nice and lively and a good place to sit and chatter – and there were some seriously hot guys working behind the bar. After we'd had a few cocktails and slagged men off to high heaven, Sally nipped to the loo and I occupied myself texting a couple of other friends to see if they wanted to join us.

Suddenly I heard the glasses clinking on our table, and some bloke say in a pretty coarse Australian accent, "So, you having a nice night then?" I figured it was just the glass collector being friendly, but when I looked up it was one of the fit bar guys that I'd clocked earlier. He was an absolute vision of Jason Statham sexiness. No, make that rustiness! He wore a tight white t-shirt and black jeans, and his entire frame looked toned to perfection. "You on vacation down here?" he asked. "Well sort of..." I replied. "Hi, I'm Rachel." He smiled and said, "Rick." He asked what we were drinking, and pretty much waited on Sally and I for the rest of the evening, and at the end of the night asked if we'd both fancy going to a party at his mate's flat out East. Sal said she was knackered and drunk already, but I was definitely up for it, so after we'd packed her off safely in a taxi, we hopped on a night bus to God knows where. After a brief getting to know you session that revealed that we'd both been recently dumped by our respective partners and that we both fancied the fuck out of each other, Rick made his move and kissed me full on the lips, pushing his tongue into my mouth. We snogged and groped for the rest of the journey, and before we knew it the driver was flashing the lights to indicate the end of

the route.

I was really horny by now, and judging from the boner in Rick's jeans, he was pretty excited, too. I didn't have a fucking clue where we were, but after a five minute walk we were ringing the buzzer to this flat, and I could already hear the music blaring away inside.

After brief introductions to Rick's pals, I whispered to him, "Is there anywhere we can go and continue the fun?" and we slipped off into one of the bedrooms off the hallway. Pretty rude for a guest, I know, but I was past caring at this point. All my thoughts were concentrated on getting fucked by Rick's throbbing cock.

Once we were in there it took us less than a minute to lock the door and get naked and

"I grabbed her hips and slammed her hard onto my cock. The I proceeded to power-drive her pussy until she screamed!"

down to business. Rick took the lead, pushing me down into a sitting position on the edge of the bed. The strange surroundings and the fact someone might walk in on us just made it seem all the more exciting. Then he ordered me onto my knees and pushed his knob against my mouth. I squeezed it hard around the base and lowered my head until most of his boner slotted down my throat. Rick was moaning and groaning his appreciation, and I pulled my head back until my mouth was half way back up the shaft, then I sucked my cheeks in really hard. I felt

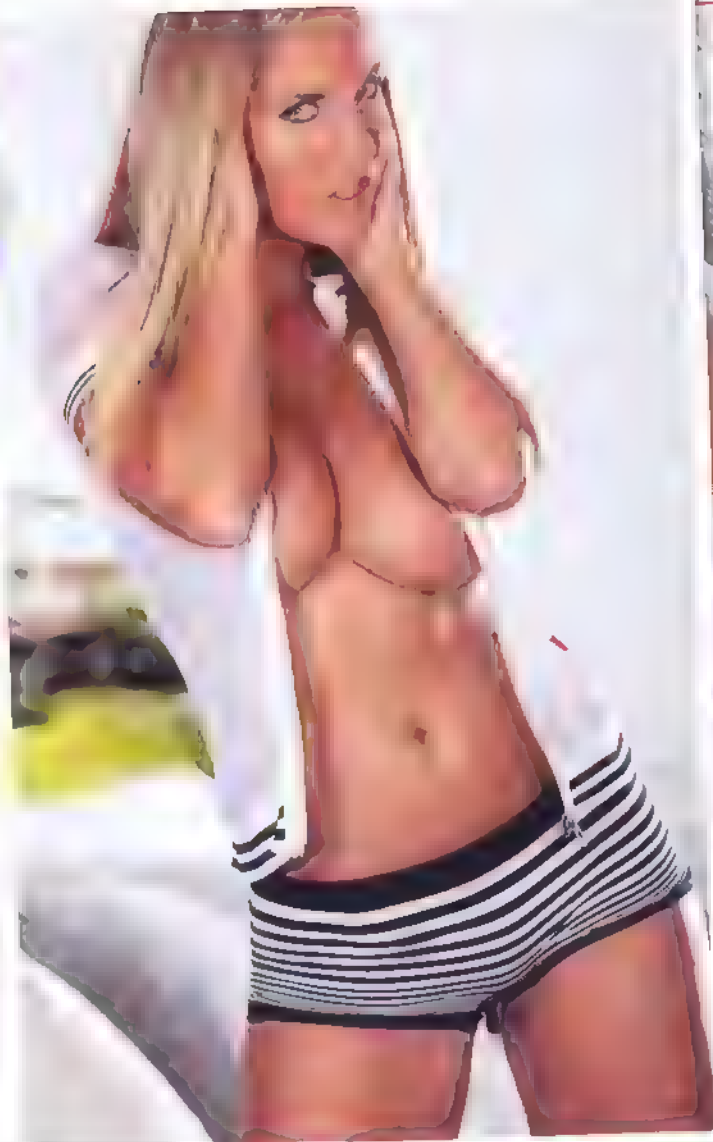

Rick's thighs start to quiver and knew that he was about to shoot his load, so I immediately pulled my head off his cock. I stopped him just in time and thankfully he didn't cum.

It was my turn to take charge, so I jumped onto the bed, spread my legs and told him to return the favour. Rick didn't answer.

He simply dived in and started lapping at my fanny. This guy knew exactly what he was doing, and in no time my pussy was tingling as I felt my first orgasm pulse through me. But that was just the beginning, and I desperately wanted his cock inside me.

I rolled over onto my front and raised myself up on my knees, giving Rick the perfect invitation to shove his throbbing dick into me and do me doggy-style. The backs of my thighs were slick with my juices and Rick couldn't resist having a few extra licks before parting my lips and driving his boner home.

He obliged and relentlessly slammed his cock in and out of me until my moans turned into short, sharp pants and eventually screams. I could hear the loud music vibrating outside, which made the whole thing seem even more intense. "Oh

tightly on and off Rick's shaft. I was overwhelmed with the pleasure, and I was in the grip of the biggest orgasm I'd ever had in my life.

Suddenly, Rick rolled me over onto my back and spunked over my massive tits.

Still shaking I scooped up a few dollops of his cream, licked it up and swallowed.

"Delicious!" I grinned. It took us a while to come down off the high, but eventually we managed to sort ourselves out and return to the party. As we went to the fridge to get a drink, there were a few knowing smiles off a few of the revellers, but most seemed absorbed in their own fun to notice what had been going on. Rick and I ended up dancing the night away before kissing our goodbyes at around 6am, and I spent the following night round at his place. Will we ever reach the heights of that orgasm? We'll

yes! Oh yes! I'm going to cum!" I howled, and then buried my head in the pillows.

My lower half spasmed wildly and my fanny clenched

definitely try, I'm sure. One thing's certain, I'm glad my ex-boyfriend dumped me – he was nowhere near as fit, or as good in bed as Rick, my London fuck buddy!

Rachel, Oxford

My name's Jack and I want to tell you about the best orgasm I've ever had. It was courtesy of this babe called Debbie who I met down the local boozier.

I was drinking on my own at the bar when she strolled right on up and said, "Excuse me, but I'm getting a bit pissed off with my binge-drinking girlfriends, do you mind if I join you?"

She was blonde, busty and had Angelina Jolie lips. I swear... she looked absolutely stunning. Naturally I said it was cool and we spent the rest of the evening together.

I didn't fuck her or anything, we just shared a goodnight kiss. But she gave me her mobile number and I promised I'd ring her, which I did a few days later.

To cut a long conversation short, she said she wanted to steer clear of her piss-head mates for a bit and suggested I go over to her flat for dinner. I didn't need any arm-twisting to agree to her request and arrived on her doorstep at eight o'clock sharp the following evening.

When she opened the door, the smell of something spicy wafted up my nose and Debbie unexpectedly flung her arms around my neck. "Something smells good," I said. "But not as good as you."

Pure cheese, but hey, it worked.

She giggled, grabbed me by the hand and led me through into the kitchen. Then she pointed to a chair in the corner and said,

"Sit there."

"Oh no," I said, grinning widely. "Have I been a naughty boy?"

"No," she replied. "But you soon will be, I hope."

My cock stiffened instantly Debbie went off for a minute and when she returned she was naked except for a black and white apron with a big pocket stitched to the front of it. I thought my eyes were going to pop out and my dick would rip a hole in my trousers. "Fucking hell, Jack!"

Debbie screamed, when she saw the bulge. "You better release that beast before it stops your circulation, but don't you be playing with it just yet, big boy!"

Obviously, I did as

she instructed, then sat in the chair with my trousers and boxers around my ankles and my cock stiffer than a flagpole. Then Debbie grinned, reached inside her apron pocket and pulled out a sizeable dildo. I expected her to stick the latex fucker up her pussy, so imagine my surprise when she came over to me and touched the tip of it against my precum coated helmet. Then she lifted it to her lips and licked it. "Mmm... tasty," she said. "Almost as tasty as my cooking but nowhere as tasty as my fanny."

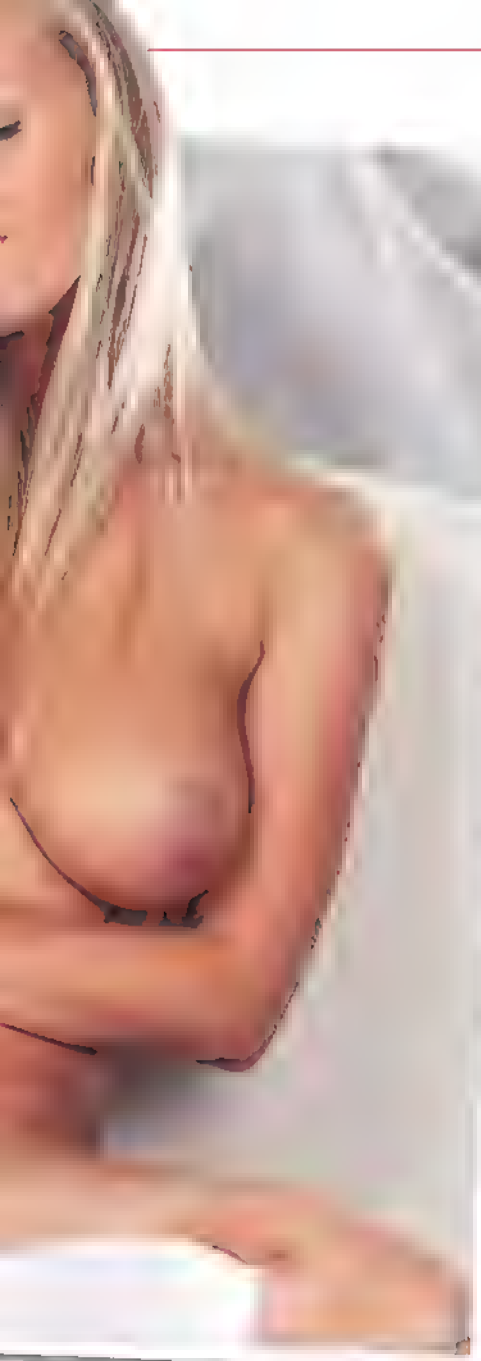

With that she flipped up her apron and revealed her smoothly shaved pussy, saying, "You want to try it as a starter?"

Did I ever? And proved it by being down there on her snatch in a flash, lapping away like crazy. Debbie moaned and groaned as I ground my face hard against her pussy mound and delved deep inside her juiced-up slit with my tongue. She tasted so sweet and I would've quite happily spent the rest of the evening eating her out, but I figured she wanted more of me. So I decided to immediately up the thrill factor.

I deftly slid a finger alongside my tongue to lube it up. When sufficiently sticky, I withdrew it and immediately stuck it in her arsehole. Debbie yelped and her arse muscles clenched on my finger. "You dirty rascal," she cried. "I wasn't fucking expecting that!"

I gently started thrusting my finger in and out of Debbie's bum.

She was evidently into what I was doing, because I swear that within a minute or so she started trembling as she was overcome by an orgasm.

When Debbie had recovered, she ordered me back to the chair then climbed up onto the breakfast-bar. She spread her legs and immediately began pumping her fanny with the dildo. This time she let me wank, but told me to on no account cum – even though she did so herself, with one hell of a howl!

Once she'd got her breath back again, Debbie climbed down from the bar. Then, holding onto the edge of it, she stuck her cunt and arse in my general direction and parted her legs. "What are you waiting for?" she said, running a finger along the length of her juice-dripping slit.

I kicked off my trousers and shorts, slid my cock right up her fanny in one and proceeded to shag her slowly – I had no intention of it being over in a flash.

I grabbed Debbie's arse cheeks tightly and gently pulled her up and down my boner. She moaned and groaned and clenched her pussy muscles on and off my shaft. I was in fuck heaven.

After several minutes of slow grinding Debbie's cunt she suddenly said, "This is great baby, but you've got to fuck me harder and faster now – otherwise dinner's going to be burnt to a crisp."

Not wishing to upset her on what was after all our first proper date, I grabbed her hips and slammed her hard onto my cock. Then I proceeded to power-drive her pussy until she screamed, "Oh my god!

That's it! That's it!" And it was indeed it. Debbie started thrashing about, her cunt

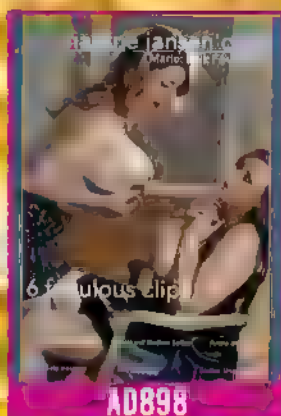

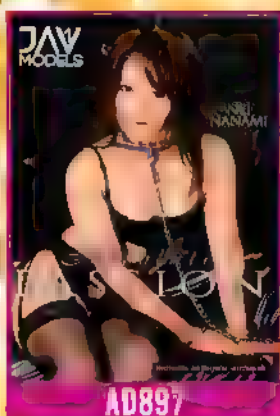

"This guy knew exactly what he was doing, and in no time my pussy was tingling as I felt my first orgasm pulse through."

clenching and unclench-ing wildly on my cock as she scored an orgasm hat trick; at the very instant I was hit by a tingling sensation like nothing I'd ever felt in my life. It coursed through my sac and a split second later I offloaded jet after jet of jizz inside Debbie's fanny.

Consequently, the dinner was spoilt. Were we bothered? Were we fuck – we just shagged some more then phoned out for a pizza!

DINNER TIME

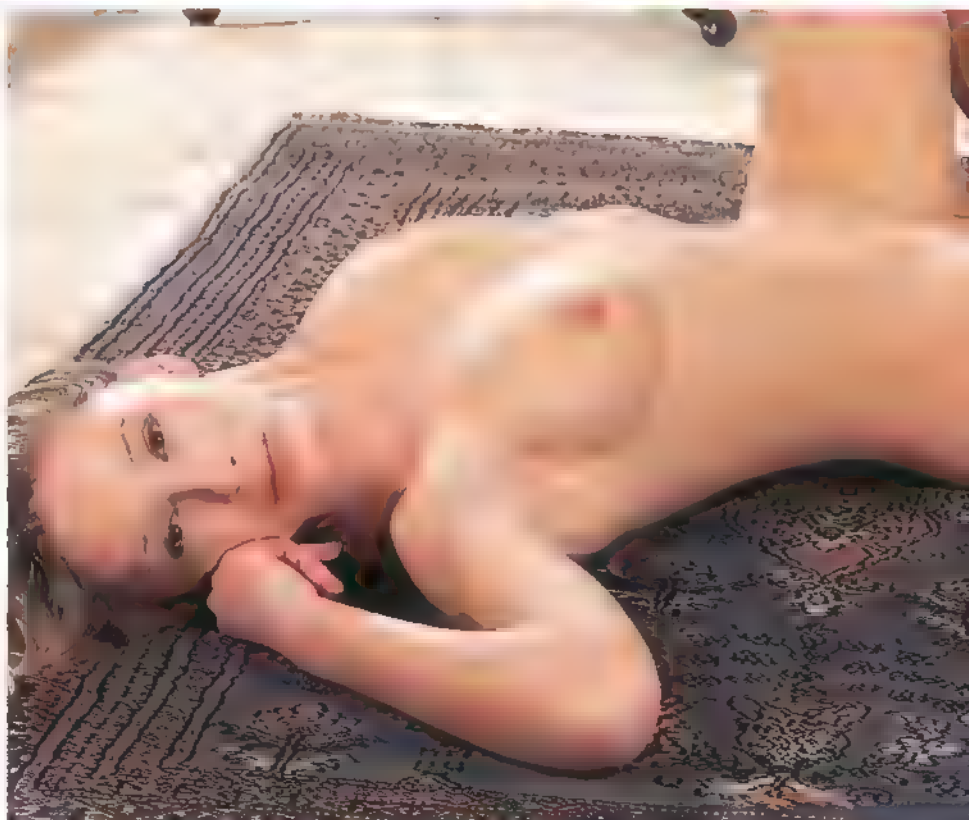

0984 560 0462

One day she's waiting tables for the minimum wage in an east London greasy spoon cafe, the next she's strutting her stuff for our photographer in a swanky foreign location. Veronica's heart-warming rags to riches story should act as an inspiration for any wannabe porn models – all it takes is a bit of luck, determination and, most of all, a body men can't resist tugging one out over.

"I couldn't believe it when one of the customers I was serving suggested I consider a career as a porn model," Veronica told us. "I thought he was just being crude, but that night it really got me thinking. I love walking about my flat in the nude and looking at myself in the mirror, so why wouldn't enjoy showing off my body in a magazine?"

"The next day I quit my job, got in touch with your photographer and the rest as they say is history. Not only is the pay great, the hours easy and my colleagues good fun to work with, I also get to fantasize over the idea of a complete stranger wanking over my pictures. Now that's what I call job satisfaction!"

When you think that you've just set your eyes on the best set of tits ever, who goes and turns up to the show? None other than Katie Thornton that's who, and she's gone all brunette too, our minds are all in a boggle that we're trying to unscramble! "I was getting a bit bored of the blonde comments, so I went back to my normal colour. People definitely took me more seriously for a bit, but then had to go and do something stupid like take my clothes out and juggle my tits all over the place." We wouldn't change you for the world Katie, please carry on! We're watching!

DOWN THE WIRE

9/11 TERRORIST ATTACKS

Conspiracy theorists have a variety of much more complex explanations for what happened at the World Trade Center and Pentagon on September 11th 2001, often involving insider knowledge by President George Bush, Vice President Dick Cheney and top Bush advisors. Some famous conspiracy theories rely on anti-Semitic tropes, such as the attacks being orchestrated by Israel. Many

claim that because "jet fuel can't melt steel beams," the Twin Towers must have been brought down by controlled demolition from bombs planted before the planes hit. (A 2006 documentary debunked these claims. It is, in fact, quite possible for the columns holding up skyscrapers to fail catastrophically when exposed to fires burning on multiple floors.)

PRINCESS DIANA'S DEATH

Unlike many conspiracy theories, though, this one had a billionaire promoting it: Mohamed Al-Fayed, the father of Dodi Al-Fayed, who was killed along with Diana. Al-Fayed claims that the accident was in fact an assassination by British intelligence agencies, at the request of the Royal Family. Al-Fayed's claims were examined and dismissed as baseless by a 2006 inquiry; the following year, at Diana's inquest, the coroner stated that "The conspiracy theory advanced by Mohamed Al Fayed has been minutely examined and shown to be without any substance." On April 7, 2008, the coroner's jury concluded that Diana and Al-Fayed were unlawfully killed due to negligence by their drunken chauffeur and pursuing paparazzi.

MOON LANDING HOAX

NASA landed astronauts on the moon in 1969. By the 1970s, a bizarre conspiracy emerged — that the moon landing never happened. There are plenty of debunkings of the various moon hoax claims, and then there's the issue of the hundreds of pounds of moon rocks that have been studied around the world and verified as being of extra terrestrial origin. How did NASA get the rocks if not during a moon landing? Why would scientists from around the globe willingly participate in the American space agency's hoax? Many astronauts have been offended by the implication that they faked their accomplishments. In 2002,

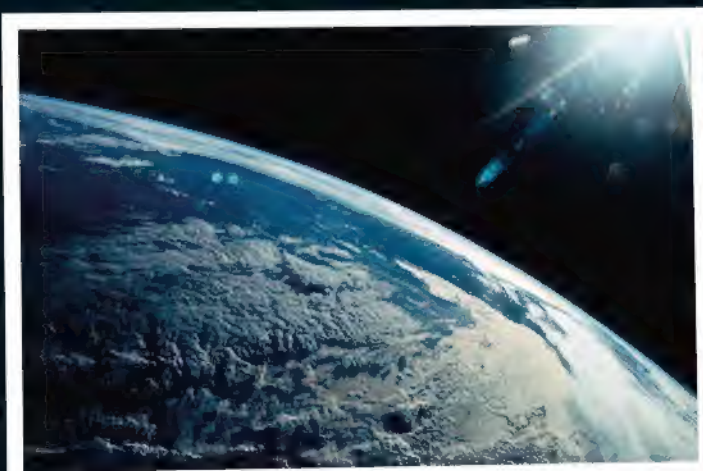

when conspiracy theorist Bart Sibrel confronted Buzz Aldrin and called him a "coward and a liar" for faking the moon landings, the then 72-year-old punched Sibrel in the jaw.

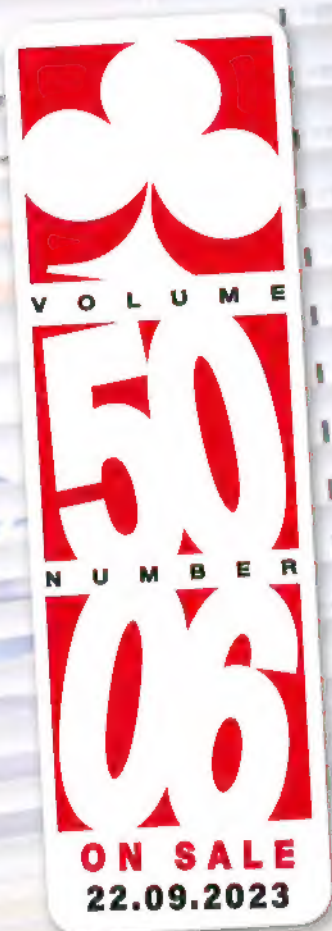

PAUL MCCARTNEY'S DEATH

Paul McCartney is not dead. As of mid-2023, he was still touring. He gives interviews, he has a website, he occasionally appears in the tabloids. Pretty good for a guy that some conspiracy theorists think died in 1966. The "Paul is dead" conspiracy goes something like this: On Nov. 9, 1966, Paul McCartney got into an argument with the other Beatles, stormed out of the studio and was promptly decapitated in a car accident. To cover the whole thing up, the band hired a look-alike (and sound-alike). After going through all this trouble, though, the band then took great pains to drop clues in their album covers and lyrics to hint to the public that something was amiss. For example, on the cover of the Abbey Road album, all four Beatles are photographed striding across a zebra crossing, but only McCartney is barefoot and out of step with the other three. This must mean something, right? Despite public denials by the band (and many, many public appearances by McCartney), fans couldn't just let it be, and came together to look for more clues.

THE EARTH IS FLAT

Flat-Earth conspiracy theories first arose in the 1950s and have been given new life in the Internet age. They're bizarre, almost quaint. After all, even ancient people knew the Earth was round. The Greeks even figured out the planet's circumference in the 3rd century. Since then, astronauts have launched into space and seen the "Blue Marble" with their own eyes. But Flat Earth believers don't see beyond their own horizon: The line between Earth and sky looks pretty flat, they figure, and all the rest of the evidence gets tossed out the window. On YouTube and message boards, Flat-Earthers spend their time inventing weird physics to try to explain how things like gravity and lunar eclipses could possibly work if Earth were a flat disk. Many are motivated by religious belief or the desire to see the universe as a more caring, human-centered place.
